

Sustainability Services

More sustainability through cooperation in the Berlin ecosystem

On the way to a sustainable economy, Berlin is driving forward the 17 Goals for sustainable development. In order to promote Berlin as a location for a sustainable economy, we support you in responding to the new requirements, developing new business areas and remaining internationally competitive and attractive for talent. As the capital for social and green impact start-ups, Berlin offers an excellent ecosystem, with opportunities for cooperation and funding opportunities for your sustainable business development.

Berlin Partner as a sustainable company

What does the Sustainability Service include?

Whether start-up, established company or research institution - organisations of all kinds can benefit from the development and expansion of their own sustainability management, exchange of experience and innovative cooperations. We support you in making your products or processes more sustainable, from the search for partners up to financing.

How we can help you.

Together we discuss the status quo and the potential of your sustainable development as well as inform you about funding opportunities for your projects. As a pilot, we network you with sustainability pioneers, with traditional companies that have already started their sustainability transformation and with service providers who can advise you in depth on individual topics.

Sustainability Service
